

NSHSA Mid-Winter Raft-up at **Cutter Marina Rec Room**

Come late January, we will be deep in the grip of the 'old man winter' and dreaming of all the destination anchorages for the 2018 Sailing Season. With most of our boats stored at Cutter Marina for the winter, this would be a great time to have our first raft-up for planning our 2018 destinations, checking on our yachts, sharing ideas and showing off our new boat accessories.
